

How to set up:

Shuffle the 8 Recipe cards and deal 1 to each player. Set aside any unused Recipes.

Remove the Instruction Card and shuffle the rest of the cards together.

Put the shuffled cards face-down in a pile. This is the Draw pile. Then turn 1 card over. This is the Discard Pile.

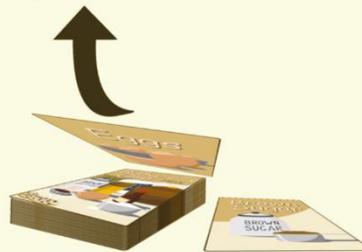

How to take your turn:

The youngest player goes first. Then the player to the left.

Draw the top card from either the draw pile, or from the discard pile.

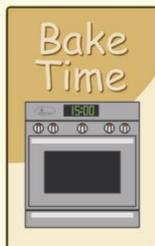

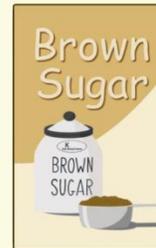

If at any point the Draw pile gets low, shuffle the Discard pile and place it under the Draw pile. If someone takes the last Discard card, turn over another from the top of the Draw pile to replace it.

FRONT

If you draw an Oops! Card, follow its instructions. Then discard the Oops! Card. Your turn is over.

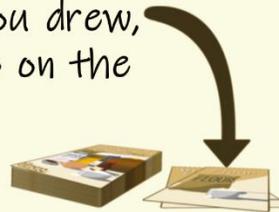

You must play 1 Ingredient card for each ingredient in your Recipe. Place the Ingredient card face up in front of you. Ingredient cards can be played in any order. 1 Ingredient card covers all of that ingredient for your recipe.

After you have played all needed ingredients, you must play a Bake-Time card to win!

After you play a card, your turn is over!

If you cannot play the card you drew, discard it by placing it face-up on the discard pile. Your turn is over.

How to win:

The first player to play all the necessary Ingredient Cards for his or her Recipe and then play a Bake-Time Card wins!

The recipes in this game are fully bakeable. Ask an adult for help and try them out!
